*Our SWIS Drainage Membership program keeps your system working effectively by using our 5-point drainage cleaning assessment and professional equipment and service.*

- **Our NDS certified technicians will evaluate your system for improvements and identify any problems.**
- **SWIS 5-point drainage assessment includes: Visual inspection of drainage system for possible problems, clearing drainage pipe with high pressure water and hydro jet, clean out all catch basin box drains, visual inspection of gutter downspouts, and clean out pipe drainage exit.**
- **Service charge for additional stops are waived.**
- **Courtesy reminder by email, phone, or text to schedule each bi-annual visit.**

*Credit card is required to join program. The one-time processing fee plus the first bi-annual fee will be charged upon signing up for the Membership Agreement. The membership fee will be automatically charged bi-annually using the payment method provided. If payment is missed, the contract will be voided. If a bi-annual check up is not scheduled, it does not roll over. This contract excludes sprinkler system repairs.*

***Drainage equipment available; Speedy (Roto) Rooter, Drainage Camera, and Hydro Jet High Pressure cleaner.***

*This contract is biannual and will continue until you cancel!  
Contract cannot be transferred to new homeowner and no refunds are given for unused services.*
