Our SWIS Maintenance Agreement keeps your drainage working effectively year after year by cleaning and clearing accumulated debris. Our NDS certified technicians will evaluate your system for improvements and identifying any drainage problems throughout the rainy seasons of the year. Even if a cleaning is needed between maintenance services, you will be given a 15% discount off labor & parts. Excludes sprinkler system repairs. Existing VIP Sprinkler maintenance customers will get discounted up front cost for drainage maintenance, \$95 instead of \$195. **Drainage equipment available; Speedy (Roto) Rooter, Electric Eel Camera, and Hydro Jet High Pressure cleaner.**

- **Scheduled Maintenance Time frame:** **Spring** – Feb/March/April **Summer** – May/June/July **Fall** – Sept/Oct/Nov
- **Service charge of \$49 is waived for our VIP customers all year long for drainage!**
- **SWIS drainage checkup includes:** Cleaning existing catch basins and pipe, check any pump stations as necessary for cleaning, check downspout drainage adaptors for clogging, check pipe exit for clogging. Cleaning catch basins include taking out all debris and soot build up.
- **Regular labor rate for licensed tech and assistant is \$125/hr, but discounted *VIP* labor rate is only \$106.25/hr. Rates apply for all 2019.**
- ***VIP* Priority Scheduling and Special Promotional Specials.**

Our mission is to give you the most extraordinary service experience ever. We are not responsible for delays due to bad weather or accidents. Maintenance contract cannot roll over to next year if you do not schedule. Contract cannot be transferred to new home owner or refunds given for unused services. All sales are final. You will receive a courtesy email and phone reminder prior to every scheduled maintenance period. Southwest Irrigation Systems carries the necessary liability insurance and workers comp for your protection.
